Fort Worth, Texas

IN MY FORTY-FIFTH SUCCESSFUL NUMISMATIC YEAR!

Please Read These Terms of Sale and Avoid Misunderstanding and Disappointment

as your bids will be accepted ONLY on the terms as specified below,
and no exceptions can or will be made for any one.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

No commission charge will be made on coins purchased for you at this Sale.

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. But all claims must be made within thirty days from date of sale. And my guarantee means something to you. Remember that there are more than forty years of proven successful numismatic experience and *ample* financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted**, as I cannot be expected to ship goods to parties whose good standing is not known to me.

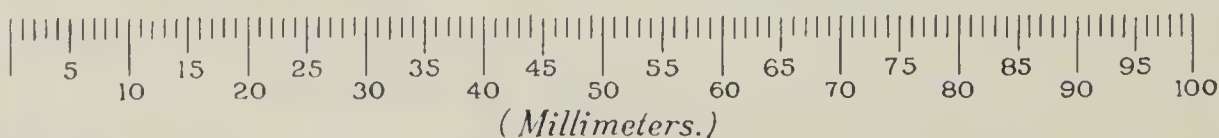

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Friday, November 23, 1945.

If you have any coins that you want to sell either
at auction or private sale, write me for terms.

The size of Coins and Medals in this Catalog is given by Millimeters.

(The coinage of early Dollars was discontinued in 1804. This 1804 Dollar is by far the most famous coin of the entire United States coinage and is one of the most famous coins of the entire world. The latest record for a specimen is the one I sold in the Dunham Sale in 1941 where it brought \$4,250.00. The value of this great coin depends not only on its great rarity, but also on its pedigree. A famous pedigreed specimen of the 1804 Dollar will be offered by me in a forthcoming Sale.)

Lot No. 2017

COMPLETE SET of "THE NUMISMATIST"

For the second time in my entire numismatic experience of forty-five years I am pleased to be able to offer a complete set of the Numismatist, the official journal of the American Numismatic Association. Complete from Vol. I, No. I, Sept.-Oct., 1888 to Vol. LVII, No. 12, Dec., 1944. Fifty-seven volumes. Mr. Philpott informs me that this is one of only six complete sets known, and this set is undoubtedly the best in existence. Mr. Philpott is a well known book collector, famous for the condition of his books. The first six volumes are unbound, mint state, un-cut, with original colored paper covers as issued by Dr. Heath, the founder of the magazine and editor until his death in 1908. Vol. VII, 1894, to Vol. 52, 1939, inclusive, are beautifully bound in full black leather, gold lettering, with covers bound in. Last five volumes, January, 1940, to December, 1944, inclusive are unbound. The exceedingly rare numbers are those of the first six volumes, 1888 to 1893 inclusive, which probably could not be found today, certainly not in this superb state. It took Mr. Philpott several years to complete this set, a task probably impossible today. Of the other five complete sets known, one is in the library of the A. N. A. and four others privately owned. All these have their early issues bound, many cut closely, and few original covers intact. I believe that this is the finest set known, cost a great deal of time and money to assemble, and in my opinion, is worth at least \$1,000.00 and should go to a real numismatic student who wants and will appreciate a proper base for a numismatic library. Two of the 50 year indexes go with the set. It will be carefully packed by Mr. Philpott and shipped direct from his office to the successful bidder.

BEAUTIFUL and RARE UNITED STATES FRACTIONAL CURRENCY SHIELDS

(Property of Mr. Philpott)

- 2976 These shields contain complete set of the U. S. Fractional Currency of the first, second and third issues, mounted on a U. S. engraved shield. These were distributed by the Treasury Department in 1867 to familiarize the public with the fractional currency series. These two superb shields are mounted, back to back, elegantly framed between double glass. One is a very rare variety with the eagle and shield background printed in pink ink, and the other in black. The pink shield has the rare Colby and Spinner 15¢ note. There are no water stains or fading or discolorations usually found on these shields. Both are in perfect superb mint state. Bids will be accepted on both shields as framed, or bids may be made for the individual shields separately. If the bids on the individual shields exceed that of the bid on the two shields as a lot, the black shield will be removed and sold without the frame, and the pink shield will remain in the frame. I suggest, however, that the two be undisturbed, as they both make an unusual numismatic item; are elegantly framed and appropriate for hanging in any office or den. A charge of \$1.00 will be made for packing. Please be explicit in bidding on this lot, whether you are bidding on one shield or both.

The Rare "Bank Note Detector"

- 2977 Naramore's United States Treasury and National Bank Note Detector. "By Photographic Copies Of The Circulating Notes Issued By Act Of Congress, Taken From Proof Impressions On File In The United States Treasury Department." Published by permission of Hon. H. McCulloch, Secretary, U. S. Treasury. This is a large photograph 10x9 inches, showing in reduced size the first issue of the United States Currency and also the First Charter Period notes, nine of each, from \$1.00 to \$1,000.00. In un-cut mint condition as issued. Framed in elegant antique frame, double glass to show facsimile of Secretary McCulloch's letter on reverse. The only one I ever saw complete and un-cut. Mr. Philpott thinks this item is unique and informs me that this item cost \$75.00 a number of years ago. A most desirable item for any collector of currency. A charge of \$1.00 will be made for packing.

AND—As a “Dessert,” I Offer
BRILLIANT PROOF FOUR DOLLAR GOLD PIECE

- 2978 1879 Four-Dollar Gold Piece. Beautiful head of Liberty with flowing hair. Reverse, a large five-pointed star on which is inscribed ONE STELLA 400 CENTS. Legend, below FOUR DOL. Brilliant proof with unusually high wire edge. The field shows very slight cabinet friction, and the edge being so sharp, shows few minute pin-point nicks, hardly affecting the appearance or value of this very rare and most popular coin which has an auction record of well over \$500.00. This coin has more than doubled in value in the past few years and it would not surprise me to see this coin reach the four-figure mark in the not distant future.

My

“NEXT SALE”!!

I will **not** say that it will be the “Finest,” “Greatest,” or “Most Important” Sale ever held. I am getting a bit older, more mellow, more conservative, so I shall leave the surplus of adjectives to others. All I will say,—at least now,—is that it will be **SOME** Sale! And that if you are at all interested in Coins, you will surely want a copy of the Catalogue. The Catalogue will be a “mate” to my Dunham Catalogue!

I’d better stop right here and now, before I let my enthusiasm get away with me and be tempted to use some superlatives in describing the Sale and the Catalogue.

A beautiful announcement booklet is now in preparation. It will be sent you in the near future. This booklet will announce the name of the Collection and will give you a synopsis of the contents of the Collection. It is not necessary for you to write for it now. If you have received this catalogue direct from me, you will get the announcement booklet.

Just a Hint or Two

about my...

"NEXT SALE"!

FIRST and foremost there will be a specimen of the "King of American Coins", the 1804 Dollar. One of the famous pedigreed specimens. (Last record, in my Dunham Sale, \$4,250.00). An 1838 O. Mint Half Dollar in proof. (Last record, in my Sale of the Ryan Collection, \$1,875.00). A semi-proof 1876 C.C. 20 Cent Piece. (Last record in my Sale of the Knapp Collection, \$1,525.00). In Gold—practically everything. A 1798 \$5.00 gold piece, the small eagle variety, record in my Ten Eyck Sale, in 1922, \$5,250.00. 1875 \$3.00 Gold; 1863 \$2.50 Gold of which only 30 specimens were minted. Gold Dollars; every date and mint. In short, the collection includes each and every gold, silver and copper coin minted by the United States at all of its seven mints, from 1793 to about 1920, with the possible exception of two or three pieces.

I just can't resist the temptation to mention the Cents and Half Cents; Seven varieties of the 1793 Cents, mostly uncirculated including an uncirculated 1793 Liberty Cap. A semi-proof 1821; uncirculated 1823; a semi-proof 1796 Half Cent. A thrilling lot of gold proofs. The Silver coins, all gems! Yes, both varieties of the 1796 Half Dollars; an uncirculated 1797 Half; the 1823 and 1827 Quarter Dollars; the finest known 1802 Half Dime. Early Dimes and Half Dimes in mint condition!

You can think of or name ANY rarity, and you will find it in this sale. In all the gold coins it lacks only two. In silver only one. Don't you think I am at least justified in now announcing it as "SOME SALE"?

More detailed information and name of the collection will be given you in the booklet I will send you in the near future. Do you think you will want a copy of the catalogue?
